

Nine Lives: Never Give Attention

When the cat student is inappropriate, give minimal attention when managing. Avoid eye contact, reduce verbiage and stay farther away.

Least Recommended

With the misbehaving cat student move closer, use eye contact and verbal instructions. Describe the results:

Recommended

With the misbehaving cat student stay away, do not make eye contact and use name only to manage. Describe the results:

Reflect on how each style of managing the cat felt to you, the teacher. Which was easier to do? Which was easier *on* you?
